SUMMARY

I am a UI/UX Designer and Front-End Developer with a passion for creating intuitive, user-centered digital experiences. With a strong foundation in design principles and front-end technologies, I bridge the gap between design and development to deliver responsive, accessible, and visually engaging interfaces. I enjoy collaborating across teams to bring ideas to life and continuously strive to improve both user satisfaction and product performance.

EXPERIENCE

UI/UX DESIGNER

MAY 2024 - DECEMBER 2024

Narrative

- Worked closely with the product owners throughout the product life cycle from conception through launch
- Developed interactive prototypes for testing purposes and conducted usability tests with users
- Regularly updated project status report detailing progress against key deliverables and milestones.
- Optimize existing user interface designs to enhance usability and create more intuitive experience.

FRONT-END DEVELOPER

JULY 2025 - AUGUST 2025

Personal Project-Portfolio Website

- Designed and developed a responsive personal portfolio website using HTML,CSS, and JavaScript.
- Showcased UI/UX case studies, contact information and personal branding.
- Implemented a clean layout with smooth navigation and mobile-friendly design.
- Applied accessibility principles and semantic HTML to improve user experience.
